14th September 2026

Dear Parents and Carers,

Could your child's design be seen across Gravesham or Dartford this Christmas?

Every year, the **Ellenor Christmas Tree Collection campaign** helps recycle hundreds of real Christmas trees—turning them into recycled material for a donation to the charity instead of sending them to landfill. This year, Ellenor wants our pupils' (aged 7–11) artwork to help spread the message!

What to Design

Children are invited to create a bold, colourful and eye-catching image to fit inside a snow globe template. The winning designs will be featured on posters, banners and publicity across the borough throughout December. Designs should **feature a Christmas tree** and include a **recycling theme** (showing trees recycled rather than in landfill). **Use bright, strong colours** and simple, clear shapes that stand out from a distance. **It MUST fit inside the snow globe shape template.**

Children will receive their official design sheet by **Friday 18th September 2026**, and completed designs must be handed back to the school by **Friday 25th September 2026**.

One winning design will be chosen from Gravesham schools and one from Dartford schools. Winners will have their artwork celebrated within the local community and showcased across the entire campaign.

We can't wait to see your children's creative, festive entries!

Kind Regards

Mrs Brown
Class Teacher
