4th October 2021

Dear Parent/Carer

## Race For The Kids 2021

Istead Rise will be raising money for the Great Ormond Street Hospice (GOSH), by running a Race for the Kids event. Children will be taking part in a 1km fun run around the school site from the week commencing 11<sup>th</sup> October. Each class will do the run on the day that their class has PE. Children can run, jog, or walk the event, the most important thing is that they are having fun whilst raising money for a great cause.

It would be great if children could raise sponsorship money for the event, which would go towards the GOSH charity. Please use your Parent Pay account to send any sponsorship money raised, where there will be an option to select a payment for the GOSH charity run.

Money raised would go towards the hospital's most urgent needs. These include funding pioneering new treatments and research, providing cutting-edge equipment and supporting the rebuilding of the hospital to provide state-of-the-art facilities to match the hospital's world class care. This money will make a vital difference to children from across the UK, who are suffering from the rarest, most complex, and often life-threatening conditions. For more information on the great work that the hospice does, please visit their website: [gosh.org](http://gosh.org)

Kind regards,

Mr Tyler
