7th February 2024

Dear Parents/Carers,

Science Week

We are pleased to inform you that once again Istead Rise will be joining in the celebration of science, technology, engineering and maths (STEM). The theme this year is 'time'. On Monday 11th and Tuesday 12th March we are pleased to inform you that all year groups (R-6) will be taking part in a Sublime Science assembly or workshop. This year, children will be taking part in incredible experiments for curious minds delivered by Sublime Science company, which was featured on Dragons Den. Following this, children will take part in STEM activities where they will be involved in being engineers trying to solve a problem.

Poster Competition

There is a competition in which the whole school is invited to take part. This should be completed at home. The entry should be on one side of A4 or A3 card or paper. The poster can be about anything involving time. Please ensure name and class are on entries. These can be handed to your class teacher.

Ideas - see poster attached for more information

Time - how do you spend it?
Telling the time poster.
How do you measure time, link to seasons?
Can you link a scientist to your poster?

Competition Deadline – Wednesday 13th March 2024.

The entries will be judged by a panel and a winner selected from each Key Stage (YR, Y1&2, Y3&4, Y5&6). The winners will win a prize and be announced at the Key Stage assembly on Friday 15th March 2024.

Yours sincerely
Mrs D Baker & Mrs T Clark
